LC$^3$ Information Day in Cape Town
Thank you for sponsoring this event

Thank you also to all our overseas delegates, and our local ones!
Purpose

• To introduce LC³ cement and explore its possibilities in the cementitious market – internationally and locally
• To understand the specific properties of LC³ cement in terms of concrete construction
• To highlight regional experiences with LC³ cement
• To open the floor for discussion on the material in the SA context
Saldanha Steel to shut down: Job losses and economic consequences

ArcelorMittal is the largest employer in the West Coast region.

News on 12th November 2019

Structural and durability properties of concrete made with Corex slag

J.R. Mackechnie
